

Yearly Report 2022-2023

The Statistics Department of P.G.D.A.V. College hosted SKEWSION'23 on April 11, 2023, featuring activities like talks, paper presentations, chess, statistics quizzes, and an anime quiz. Prof. Anish Sarkar from Indian Statistical Institute gave a talk on applying theoretical knowledge practically. The fest promoted academic growth and showcased students' talents. The department aims to organize similar events in the future for academic exposure.

The Statistics Department of PG.D.A.V. College organized an Alumni Meet on March 25, 2023, aiming to connect former students with faculties and current students. The event featured traditional rituals, including Saraswati Vandana and lamp lighting, and was attended by over seventy alumni from diverse backgrounds in academia, industry, and government. Alumni shared experiences and insights on statistics-related topics, career guidance, and job opportunities. The meet allowed alumni to reminisce and provided valuable networking opportunities.
