

“It was the joy of admiration and of one's own ability, growing together.” Ayn Rand

For the same reason, KAIZEN—the P.G.D.A.V. College Career Counselling Club—aims to enhance students' skills, help them discover opportunities that best fit their talents, and inform them of new career options. Ms. Geetika Jaggi and Dr. Deepika Kandpal, who serve as teacher-convenors and offer overall oversight and aid in securing logistical support for its activities, lead this student-led community.

Events/Sessions: The club holds two types of activities: in-house sessions and speaker events. This year our speaker sessions have been focused on making our members accustomed to the new opportunities available

- DR. JEETA SARKAR Assistant Professor (HR&OB) JIM Noida, enlightened the students on the topic of "LEVERAGING LINKEDIN" on 18th October, 2023
- Dr. Paraminder Talwar Corporate Faculty -Harrisburg University of Science & Technology, Pennsylvania, provided an insightful session on "ARTIFICIAL INTELLIGENCE & ROBOTIC TECHNOLOGY" on 26th February, 2024.
- MS. SHRUSTI JAIN (AIR 165, UPSC CSE 2022) and MR. AJAY AHLAWAT (FACULTY, NEXT IAS) gave guidance about the "CAREER IN CIVIL SERVICES" by providing insights about their journey on 18th October, 2024.

In-House Session:

In-house Sessions are held by our members and we motivate each and everyone to participate at least once and put forward their best expertise in their area of interests which include a variety of activities such as Vocabulary, Book Reviews, Creative Writing, **Travel Updates**, **Current Affairs** like GDP, Budget; **Historical Updates** including discussions on various art forms and historical places in India, Biographical Sketches and many other interesting conversations. In addition to these, our Convener and Co-Convener

give continuous feedback to the students and encourage them to perform better. Through these activities, students get an opportunity to brush up their skills and showcase the best version of themselves.

We believe in holistic development of our members which focuses on improving the speaking skills as well as improving their way of putting their thoughts out in the world therefore we organised Group Discussions on topics such as Union Budget FY 25 and Recession: Navigating Economic Turbulence & Building Resilient Futures to foster not only their knowledge but also their communication skills.

Since its inception, kaizen has been diligently working to ensure that our students are observant of coming-to-age professions and improving their philosophy towards self-exploration.
