NAVIGATING THE FUTURE: CAREER PATHWAYS IN ARTIFICIAL INTELLIGENCE AND ROBOTICS

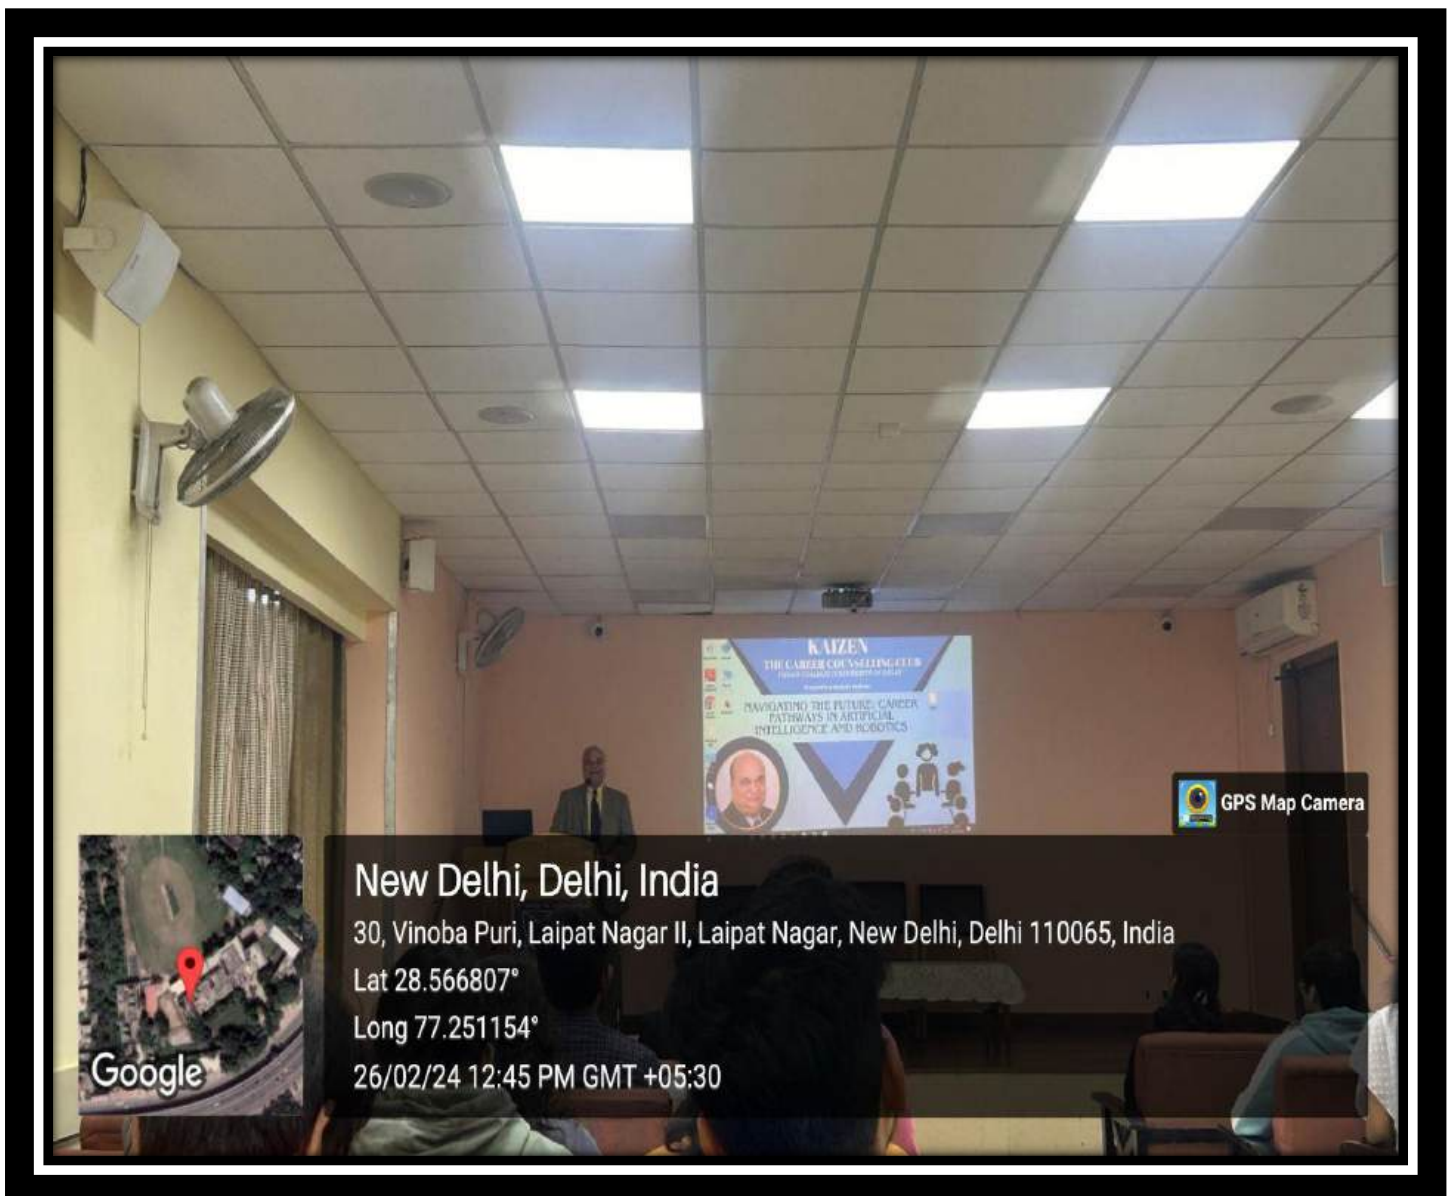

Dr. Paraminder acquainted us with his endless experience in his field of Science and Technology spanning over 25 years in Project/Program management, with a broad array of technology and industry exposure including pharmaceutical, healthcare, telecoms, insurance, and banking.

The curiosity of our students couldn't be held back and therefore the event was fruitfully interactive. Dr. Parminder is not only a profound educator but also a great motivator. His optimistic way of seeing life and distinguishing it positively from the pessimistic side is appreciable. Not only did he teach us what he has learned in his decades of experience but also what he has gained with the experiences he learned.

“The path may be the right one you’re sitting on, but you would get crushed under it if you don’t move ahead on it” ~ Dr. Paraminder

He gave us a new sight to look at life and taught us one valuable lesson no matter where you stand right now all that matters is how you proceed on the path given to you and make something admirable of it. He also shared with us a brief about his doctoral study project titled “Strategic Use Of Virtual Assistants To Increase Faculty Engagement and Job Satisfaction”

Ranjana Singh Rathore

Ranjana Singh Rathore, a renowned journalist and news anchor, captivated the audience at the TEDx event with her powerful presence. Hailing from Hyderabad, she pursued her education in Mass Communication and Journalism at Osmania University. Despite the prevailing gender biases in her village, Ranjana's mother, a housewife, became her guiding light, inspiring her to strive for greatness.

Hyderabad served as a stepping stone for Ranjana, where she constantly challenged herself and refused to settle for anything less than her best. Along her path, she encountered emotional turbulence, acknowledging the need for mastering emotional control. Being in the field of journalism, she recognized the significance of maintaining a balance between personal and professional life, setting ethical boundaries. Although she experienced moments of self-doubt, her unwavering determination propelled her forward. Her story is a testament to the power of resilience and the impact of a strong support system. Her journey serves as an inspiration for aspiring journalists, especially women facing societal barriers.

Ranjana Singh Rathore's remarkable achievements and her ability to overcome obstacles make her a true luminary in the field of journalism. Her story exemplifies the importance of perseverance, dedication, and the transformative power of education. She was gratified with a token of thanks from our faculty teachers.

Drishti Kharbanda

The next speaker in this journey of enlightenment was the one and only, gorgeous, inspirational, founder of Sarvani NGO, Drishti Kharbanda.

Drishti started her speech with the arduous journey of her NGO Sarvani. Sarvani is an all-women-run organization to provide a platform that is easily accessible to all and to create a medium between women who can inspire each other with their unique yet similar stories and come together to give back to our society. It is also working towards providing employment to women artisans and handicraft workers through its project Women Made Craft.

She further explained how she started Sarvani while pursuing graduation with the help of her friends who joined her campaign through college WhatsApp groups. Then she described her journey of becoming an Influencer which simply started by making her Instagram account public while working for Sarvani. Moreover, she gave some secrets for her skincare routine, which was the kickstart of her Startup Bake cosmetics.

Bake Cosmetics is an Indian skincare brand and Dermatologically Backed Active Skincare. Furthermore, she shared her experience of the enthralling and unforgettable maiden music video with Abhishek Malhan a.k.a. Fukra Insaan. Listening to her was like music to the ears, such a mesmerizing experience for the audience. She then ended her speech by giving tips for multi-tasking and how she managed to be such a successful person at a very young age even after facing numerous obstacles on her way, be it her family issues, changing her stream or facing multiple challenges but she never lost hope and kept on going. Eventually, she told how her mother always supports and believes in her and is the greatest reason of her always carrying hope and determination.

Kunal Grover

To bring some light hearted fun to the event, we had the talented and versatile Kunal Grover. A mesmerising beat-boxer and alumuni of PGDAV, Kunal captivated the audience with his performance, which ranged from Beatboxing with the flute and the harmonica. What was especially astonishing is that he used the instruments to beat box, something no one expected would happen. His performance was almost 45 minutes long, but not once did we see him tired or restless. The audience was in complete awe of Kunal, who seemed to enjoy the event as much as the audience did.

Yuvraj Dua

Yuvraj Dua, a super talented comedy content creator and influencer, took the stage and shared his incredible journey with us. He started off as a student at Delhi University's Hindu College and went on to become a sports journalist. His family wanted him to become an IPS officer due to his family background. During the pandemic, he decided to bring back an old meme page from his school days, and it turned out to be a massive success!

But that's not even the most exciting part. Yuvraj also worked as a dialect coach for none other than Bollywood superstar Ranveer Singh in the movie "Rocky Aur Rani ki Prem Kahani"! How cool is that? He even gave us a sneak peek behind the scenes of the movie. It was truly fascinating. Yuvraj's speech was filled with hilarious jokes and his infectious energy had the entire audience laughing and cheering. He inspired us all to believe in ourselves and chase our dreams with boundless creativity. It was an unforgettable experience! He made the audience delve into his humour and captivating presence.
