- **Liquid waste management**

a) Waste water from toilets and canteen is collected in septic pits and allowed to settle in soil.

b) Sprinklers and drip system are used in the gardens.

- **E-waste management**

Satark successfully organised a week-long e-waste drive from 1st November to 7th November, thereby collecting approximately 25 kilograms of electronic waste

Small steps for a sustainable future!

- Waste recycling system

All bio-degradable and non-biodegradable wastes are processed in vermicompost unit in the campus.
