Annual Quality Assurance Report, 2023-24

Criteria 7.1.5

Green Campus Initiatives

Greening the Campus Initiatives at PGDAV College

1. Library Recycling and Plantation Efforts:

- The college library promotes environmental sustainability by recycling old newspapers and magazines through **Green-O-Tech India**. In return, the college receives **computer A4 sheets made of recycled paper**, which are utilized across various departments to reduce carbon footprints.
- Additionally, for every **100 kg of recycled paper**, the college receives a **plant** to support campus plantation drives.
- In the **2023-24 session**, the college received **34 plants** through this initiative, which were used to enhance campus greenery.
