## **Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens**

The institution actively promotes responsible citizenship through a range of initiatives led by NSS, NCC, academic departments, and student societies. The NSS engages students in community service activities such as blood donation drives, cleanliness campaigns, and awareness programs on environmental and public health issues. These initiatives foster a deep sense of social responsibility and instil the values of selfless service and duty. The NCC contributes by developing discipline, leadership, and patriotism among students through regular training, adventure camps, and participation in national events. These activities cultivate a sense of pride in the nation and a commitment to societal welfare, encouraging students to uphold constitutional values. Academic departments further enhance the understanding of constitutional rights and duties by organizing workshops, seminars, and discussions on legal literacy, human rights, and ethics. These sessions help students connect their academic knowledge with practical responsibilities as citizens. Additionally, student societies play a significant role by organizing debates, cultural events, and awareness campaigns that emphasize constitutional principles like equality, justice, and human dignity. Together, these activities ensure that students are sensitized to the values and obligations enshrined in the Constitution of India, empowering them to become active, responsible, and ethical citizens contributing to societal progress.
